

NITROGEN UNIT

DESIGNED FOR
ROUGH TERRAINS

Liquid Nitrogen Pumping Unit

Nitrogen Skid on Trailer for Onshore and Offshore Operations

Truck Mounted Nitrogen Unit

APPLICATIONS

- High-performance vaporizing Nitrogen Unit for different application during well stimulation and many other services
- Utilized for extreme climates from arctic to desert and tropical conditions

FEATURES

- Truck, trailer or skid mounted
- Various diesel engine configurations in order to reach the desired HP rating
- Pumping rates up to 270K SCFH (130 cu.m/min)
- Pumping pressure up to 15.000 PSI (104 MPa)
- High-performance liquid nitrogen triplex pump
- High-performance liquid nitrogen centrifugal pump
- Built to European standards (optional)
- CE conformity (optional)
- DNV certification (optional)
- ATEX Zone II certification (optional)

Cryogenic High Pressure and Heat Recovery System
